Morning review, everyday morning work, ELA Paragraph of the week broken down in the brainstorming, revising, rough draft, final draft. Really enjoying. New paragraph each week.

Math – multiplication and division. Science – elements. Blizzard bags are done and ready to go. Flip grid, 1 min, to share whatever is important to them.

Pasta Supper- lots of concern was shared over the move to the Knights, Nathan Kenney thought the St Anna society would be upset. We also heard concern over the serving salad due to the romaine recalls, we assured and all agreed we would just do iceberg lettuce and that Athens Pizza will be providing the lettuce. Concern over the size of the kitchen and hassle of moving everything to the knights for food serving purposes. Again we reassured that this has all been taken into consideration and we all said that if this move to the knights doesn't work then we will move it back to the hall but the move is due to size of the pasta supper as we are now serving over 400 people each year.
